## Annexure-II

1. NACIN is a prestigious institute of Government of India for training of IRS Probationers and apart from it, it is also a training center for In-service officers of the department and imparts training in the field of Enforcement, Drug laws & Environmental protection to officers of various countries. All these officers during their training are served food in the Officers Mess. Currently Officers Mess has 02 rooms, 02 washrooms, dining hall & a kitchen. The existing walls of the Officers Mess has seepage problem and has old electrical fittings on the wall which gives a very bad look to it and whitewash on regular basis does not prevent the walls from seepage. Therefore we need to fix PVC panels on the walls of the dining hall, 02 rooms, washrooms and arena area (while entering the Officer Mess) hence preventing the walls from Seepage and giving a beautiful look to the Officers Mess. The total area required to be covered is 4300 sq. ft.(Approx). Also a false ceiling wherever required needs to be done to give an aesthetic look to the roof.
2. The PVC Panels used for the work should have following dimensions:
  - Thickness of the panel: 07 mm
  - Width of the panel: 10 inches
  - Edges of the panel should be interlocked
  - Panel fixing on the wall with nail & adhesive and with clipping.
3. The sample of the materials to be provided should be shown and approval taken is must be tasken before the work is executed. The colour, dimension, shape of the material to be used and all other items/material to be used in the project will be decided in consultation with the Evaluation team at NACIN before execution of the project.
4. The price bid shall be on per square foot basis only.
5. Any other technical requirements beyond the scope of the above referred specifications may be brought to the notice of NACIN at the time of opening of bid and NACIN reserves the right to accept or reject the same.
